

Communities of Practice

are informal collaborations within a sector where professionals across organizations share knowledge and engage in meaningful discussions

(Informed by: Berry, 2011; Cuddapah & Clayton, 2011; Hill & Haigh, 2012; Sheehy, 2008)

Discussions Lead to...

- access to expertise
- information & new strategies

(Seibert, 2015)

Create supportive environments
(Berry, 2011)

Communities of Practice can also enhance the sector as a whole!
(Bloom & Stein, 2004)

Empower others
